

SMALL CAP VALUE FUND

DEAN

Investment Objective

The Dean Small Cap Value Fund seeks long-term capital appreciation and secondarily, dividend income.

Investment Philosophy

As traditional value investors, we believe that focusing on high quality companies that are undervalued for transitory reasons can lead to above average returns.

We believe that risk-adjusted performance can be enhanced by emphasizing stocks which exhibit the best risk/reward relationship (limited downside risk with meaningful upside potential).

Disclosures

Small Cap investing involves greater risk not associated with investing in more established companies, such as greater price volatility, business risk, less liquidity and increased competitive threat.

Performance figures shown are past performance and are not a guarantee of future results. Due to market volatility, fund performance may fluctuate substantially over the short-term and current performance may differ from that shown. The value of the Fund's shares and their return will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data current to the most recent month end may be obtained by calling 888.899.8343. Periods over one year are annualized. Investors should consider the investment objectives, risks, charges and expenses of the fund carefully before investing. The prospectus contains this and other important information about the Fund and may be obtained by calling 888.899.8343. Read it carefully before you invest.
